**Varanus acanthurus primordius** Boulenger, 1885 =  
*Varanus primordius* Mertens, 1942  
**Varanus albicularis** (Daudin, 1802) II VARANIDAE  
 (Reptilia) (E) Rock Monitor, Southern Savanna Monitor,  
 White-throated Monitor (F) Varan à gorge blanche  
**Varanus auffenbergi** Sprackland, 1999 II VARANIDAE  
 (Reptilia)  
**Varanus baritji** King & Horner, 1987 II VARANIDAE  
 (Reptilia) (E) Stone Monitor (F) Varan pierre  
**Varanus beccarii** (Schlegel, 1839) II VARANIDAE  
 (Reptilia) (E) Black Tree Monitor (S) Varano arborícola  
 negro (F) Varan arboricole noir  
**Varanus bellii** Duméril & Bibron, 1836 = *Varanus varius*  
 (Shaw in White, 1790)  
**Varanus bengalensis** (Daudin, 1802) I VARANIDAE  
 (Reptilia) (E) Bengal Black Lizard, Bengal Lizard,  
 Bengal Monitor, Common Monitor, Indian Monitor,  
 Indian Small-grain Lizard, Penang Lizard, Talagoya  
 Lizard (S) Varano de Bengala (F) Varan du Bengale  
**Varanus bengalensis nebulosus** (Daudin, 1802) = *Varanus nebulosus* (Gray, 1831)  
**Varanus bibronii** Blyth, 1842 = *Varanus bengalensis*  
 (Daudin, 1802)  
**Varanus bitatawa** Welton, Siler, Bennett, Diesmos, Duya,  
 Dugay, Rico, et al., 2010 II VARANIDAE (Reptilia)  
**Varanus boehmei** Jacobs, 2003 II VARANIDAE (Reptilia)  
**Varanus bogerti** Mertens, 1950 II VARANIDAE (Reptilia)  
 (E) Bogert's Monitor (F) Varan de Bogert  
**Varanus boulengeri** Kinghorn, 1923 = *Varanus semiremex*  
 Peters, 1869  
**Varanus brevicauda** Boulenger, 1898 II VARANIDAE  
 (Reptilia) (E) Short-tailed Pygmy Monitor (S) Varano  
 colicorto (F) Varan à queue courte  
**Varanus bulliwallah** Worrell, 1956 = *Varanus mertensi*  
 Glauert, 1951  
**Varanus bushi** Aplin, Fitch & King, 2006 II VARANIDAE  
 (Reptilia)  
**Varanus caerulivirens** Ziegler, Böhme & Philipp, 1999 II  
 VARANIDAE (Reptilia)  
**Varanus caudolineatus** Boulenger, 1898 II VARANIDAE  
 (Reptilia) (E) Streak-tailed Monitor, Stripe-tailed  
 Monitor (S) Varano de cola rayada (F) Varan à queue  
 rayée  
**Varanus cerambonensis** Philipp, Böhme & Ziegler, 1999  
 II VARANIDAE (Reptilia)  
**Varanus cumingi** Martin, 1838 II VARANIDAE (Reptilia)  
 (E) Mindanao Water Monitor  
**Varanus doreanus** (A. B. Meyer, 1874) II VARANIDAE  
 (Reptilia) (E) Blue-tailed Monitor (F) Varan à queue  
 bleue  
**Varanus doreanus finschi** (A. B. Meyer, 1874) = *Varanus finschi* Böhme, Horn & Ziegler, 1994  
**Varanus dumerili** (Schlegel, 1839) II VARANIDAE  
 (Reptilia) (E) Duméril's Monitor, Fish Lizard (S) Varano  
 de Dumeril (F) Varan de Duméril  
**Varanus eremius** Lucas & Frost, 1895 II VARANIDAE  
 (Reptilia) (E) Desert Pygmy Monitor, Spinifex Monitor  
 (S) Varano pigmeo del desierto (F) Varan des  
 cavernes, Varan des spinifex  
**Varanus exanthematicus** (Bosc, 1792) II VARANIDAE  
 (Reptilia) (E) African Large-grain Lizard, African

- Savanna Monitor, Bosc's Monitor, Northern Savanna Monitor (F) Varan des savanes, Varan des steppes
- Varanus exanthematicus albicularis* (Bosc, 1792) = *Varanus albicularis* (Daudin, 1802)
- Varanus finschi** Böhme, Horn & Ziegler, 1994 II  
VARANIDAE (Reptilia)
- Varanus flavescens** (Hardwicke & Gray, 1827) I  
VARANIDAE (Reptilia) (E) Calcutta Oval-grain Lizard, Indian Oval-grain Lizard, Ruddy Snub-nosed Monitor, Yellow Land Lizard, Yellow Monitor (S) Varano amarillo (F) Varan jaune
- Varanus giganteus** (Gray, 1845) II VARANIDAE (Reptilia) (E) Perentie (S) Varano gigante (F) Perentie, Varan gigantesque
- Varanus gilleni** Lucas & Frost, 1895 II VARANIDAE (Reptilia) (E) Pygmy Mulga Monitor (S) Varano de Gillen (F) Varan de Gillen, Varan pygmée de Mulga
- Varanus gilli* A. Smith, 1831 = *Varanus albicularis* (Daudin, 1802)
- Varanus glauerti** Mertens, 1957 II VARANIDAE (Reptilia) (E) Glauert's Monitor (S) Varano colilargo de las rocas (F) Varan de Glauert
- Varanus glebopalma** Mitchell, 1955 II VARANIDAE (Reptilia) (E) Long-tailed Rock Monitor (F) Varan des rochers à longue queue
- Varanus gouldii** (Gray, 1838) II VARANIDAE (Reptilia) (E) Bungarra, Gould's Monitor, Sand Monitor (S) Varano de arena, Varano de Gould (F) Varan de Gould
- Varanus gouldii rosenbergi* (Gray, 1838) = *Varanus rosenbergi* Mertens, 1957
- Varanus grayi* Boulenger, 1885 = *Varanus olivaceus* Hallowell, 1856
- Varanus griseus** (Daudin, 1803) I VARANIDAE (Reptilia) (E) Agra Lizard, Agra Monitor, Baghdad Small-grain Lizard, Desert Monitor, Grey Monitor (S) Varano del desierto, Varano desértico (F) Varan du désert, Varan gris
- Varanus guttatus* Merrem, 1820 = *Varanus indicus* (Daudin, 1802)

 ORCHIDACEAE  
*Tephrocactus albiscoparius* Backeberg = *Opuntia boldinghii* Britton & Rose  
*Tephrocactus alboareolatus* Ritter ex Backeberg = *Opuntia zehnderi* (Rauh & Backeberg) Rowley  
*Tephrocactus alexanderi* (Britton & Rose) Backeberg = *Opuntia alexanderi* Britton & Rose  
*Tephrocactus articulatus* (Pfeiffer) Backeberg = *Opuntia articulata* (Pfeiffer) Hunt  
*Tephrocactus asplundii* Backeberg = *Opuntia boldinghii* Britton & Rose  
*Tephrocactus atacamensis* (Philippi) Backeberg = *Opuntia atacamensis* Philippi  
*Tephrocactus atroglobosus* R.Fries = *Opuntia nigrispina* Schumann  
*Tephrocactus atroviridis* (Werdermann & Backeberg) Backeberg = *Opuntia floccosa* Salm-Dyck ex Winterfield  
*Tephrocactus blancii* Backeberg = *Opuntia blancii* (Backeberg) Rowley  
*Tephrocactus boliviianus* (salm-dyck) Backeberg = *Opuntia boldinghii* Britton & Rose  
*Tephrocactus camachoi* (Espinosa) Backeberg = *Opuntia camachoi* Espinosa  
*Tephrocactus chichensis* Cardenas = *Opuntia chichensis* (Cardenas) Rowley  
*Tephrocactus coloreus* Ritter = *Opuntia colorea* (Ritter) Hunt  
*Tephrocactus conoideus* Backeberg = *Opuntia conoidea* (Backeberg) Rowley  
*Tephrocactus corotilla* (Schumann ex Vaupel) Backeberg = *Opuntia corotilla* Schumann ex Vaupel  
*Tephrocactus crassicylindricus* Rauh & Backeberg = *Opuntia crassicylindrica* (Rauh & Backeberg) Rowley  
*Tephrocactus crispicrinitus* Rauh & Backeberg = *Opuntia floccosa* Salm-Dyck ex Winterfield  
*Tephrocactus cylindarticulatus* Cardenas = *Opuntia dactylifera* Vaupel  
*Tephrocactus cylindrolanatus* Rauh & Backeberg = *Opuntia floccosa* Salm-Dyck ex Winterfield  
*Tephrocactus dactylifer* (Vaupel) Backeberg = *Opuntia dactylifera* Vaupel  
*Tephrocactus darwinii* (Henslow) [Backeberg Ex] Fric = *Opuntia darwinii* Henslow

- Tephrocactus dimorphus* Foerster = *Opuntia sphaerica* Foerster
- Tephrocactus echinaceus* Ritter = *Opuntia boldinghii* Britton & Rose
- Tephrocactus ferocior* Backeberg = *Opuntia chichensis* (Cardenas) Rowley
- Tephrocactus flexosus* Backeberg = *Opuntia flexuosa* (Backeberg) Rowley
- Tephrocactus floccosus* (Salm-Dyck) Backeberg = *Opuntia floccosa* Salm-Dyck ex Winterfield
- Tephrocactus fulvicomus* Rauh & Backeberg = *Opuntia fulvicoma* (Rauh & Backeberg) Rowley
- Tephrocactus geometricus* (Castellanos) Backeberg = *Opuntia alexanderi* Britton & Rose
- Tephrocactus glomeratus* (Haworth) Backeberg = *Opuntia glomerata* Haworth
- Tephrocactus heteromorphus* (Philippi) Backeberg = *Opuntia heteromorpha* Philippi
- Tephrocactus hickenii* (Britton & Rose) Spegazzini = *Opuntia darwinii* Henslow
- Tephrocactus hirschii* Backeberg = *Opuntia hirschii* (Backeberg) Rowley
- Tephrocactus ignescens* (Vaupel) Backeberg = *Opuntia ignescens* Vaupel
- Tephrocactus kuehnrichianus* (Colla) Ritter = *Opuntia sphaerica* Foerster
- Tephrocactus lagopus* (Schumann) Backeberg = *Opuntia lagopus* Schumann
- Tephrocactus malyanus* Rausch = *Opuntia lagopus* Schumann
- Tephrocactus mandragora* Backeberg = *Opuntia minuta* (Backeberg) Castellanos
- Tephrocactus melanacanthus* Backeberg = *Opuntia boldinghii* Britton & Rose
- Tephrocactus microclados* Backeberg = *Opuntia rossiana* (Heinrich & Backeberg) Ritter
- Tephrocactus microsphaericus* Backeberg = *Opuntia alexanderi* Britton & Rose
- Tephrocactus minor* Backeberg = *Opuntia backebergii* Rowley
- Tephrocactus minusculus* Backeberg = *Opuntia minuscula* (Backeberg) Rowley
- Tephrocactus minutus* Backeberg = *Opuntia minuta* (Backeberg) Castellanos
- Tephrocactus mirus* Schumann = *Opuntia sphaerica* Foerster
- Tephrocactus mistiensis* Backeberg = *Opuntia mistiensis* (Backeberg) Rowley
- Tephrocactus molinensis* (Spegazzini) Backeberg = *Opuntia molinensis* Spegazzini
- Tephrocactus muellerianus* (Foerster) Backeberg = *Opuntia sphaerica* Foerster
- Tephrocactus multiareolatus* (Schumann) Ritter = *Opuntia sphaerica* Foerster
- Tephrocactus neuquensis* (Borg) Backeberg = *Opuntia darwinii* Henslow
- Tephrocactus nigrispinus* (Schumann) Ritter = *Opuntia nigrispina* Schumann
- Tephrocactus nootiae* Backeberg & Jacobsen = *Opuntia dactylifera* Vaupel
- Tephrocactus ovallei* (Remy ex Gay) Backeberg = *Opuntia glomerata* Haworth
- Tephrocactus ovatus* (Loudon) Ritter = *Opuntia aoracantha* Lemaire
- Tephrocactus ovatus* (Pfeiffer) Backeberg = *Opuntia ovata* Pfeiffer
- Tephrocactus paediophilus* (Castellanos) Ritter = *Opuntia aoracantha* Lemaire
- Tephrocactus pentlandii* (Salm-Dyck) Backebergkieslingritter = *Opuntia pentlandii* Salm-Dyck
- Tephrocactus pseudo-udonis* Rauh & Backeberg = *Opuntia floccosa* Salm-Dyck ex Winterfield
- Tephrocactus punta-caillan* Rauh & Backeberg = *Opuntia punta-caillan* (Rauh & Backeberg) Rowley
- Tephrocactus pyrrhocanthus* (Schumann) Backeberg = *Opuntia pyrrhocantha* Schumann
- Tephrocactus rarissimus* Backeberg = *Opuntia pentlandii* Salm-Dyck
- Tephrocactus rauhii* Backeberg = *Opuntia floccosa* Salm-Dyck ex Winterfield
- Tephrocactus reicheanus* (Espinosa) Backeberg = *Opuntia glomerata* Haworth
- Tephrocactus russellii* (Britton & Rose) Backeberg = *Opuntia ovata* Pfeiffer
- Tephrocactus silvestris* (Backeberg) Backeberg = *Opuntia silvestris* Backeberg
- Tephrocactus sphaericus* Ritter = *Opuntia sphaerica* Foerster
- Tephrocactus subinermus* (Backeberg) Backeberg = *Opuntia pentlandii* Salm-Dyck
- Tephrocactus subterraneus* (R. Fries) Backeberg = *Opuntia subterranea* R.Fries
- Tephrocactus tarapacanus* (Philippi) Backeberg = *Opuntia tarapacana* Philippi
- Tephrocactus udonis* (Weingart) Backeberg = *Opuntia floccosa* Salm-Dyck ex Winterfield
- Tephrocactus variflorus* Backeberg = *Opuntia subterranea* R.Fries
- Tephrocactus verticosus* (Weingart) Backeberg = *Opuntia floccosa* Salm-Dyck ex Winterfield
- Tephrocactus weberi* = *Opuntia weberi* Spegazzini
- Tephrocactus wilkeanus* Backeberg = *Opuntia pentlandii* Salm-Dyck
- Tephrocactus yanganucensis* Rauh & Backeberg = *Opuntia yanganucensis* (Rauh & Backeberg) Rowley
- Tephrocactus zehnderi* Rauh & Backeberg = *Opuntia zehnderi* (Rauh & Backeberg) Rowley
- Tête à l'anglais (F): *Melocactus intortus*
- Tetracentron sinense* Oliver #1 III  
TROCHODENDRACEAE
- Tetramicra* spp. Lindl. #4 II 64 ORCHIDACEAE
- Tetramicra bicolor* (Lindl.) Benth. 1881 = *Leptotes bicolor* Lindl. 1833
- Tetramicra canaliculata* #4 II 64 ORCHIDACEAE
- Tetramicra minuta* Rolfe 1889 = *Leptotes minuta* (Rolfe) Rolfe 1889
- Tetramicra montana* (Sw.) Griseb. 1864 = *Dilomilis montana* (Sw.) Summerh. 1961
- Tetramicra serrulata* (Lindl.) G.Nicholson 1887 = *Leptotes bicolor* Lindl. 1833

- Tetramicra urbaniana* Cogn. #4 II 64 ORCHIDACEAE
- Teuscheria* spp. Garay #4 II 64 ORCHIDACEAE
- Teuscheria horichiana* Jenny & Braem #4 II 64  
ORCHIDACEAE
- Teuscheria pickiana* (Schltr.) Garay #4 II 64

# Annotations key

## Annotations not preceded by "#"

### 1 *Antilocapra americana*

Only the population of Mexico is included in Appendix I. No other population is included in the Appendices.

### 2 *Bos gaurus*

Excludes the domesticated form, which is referenced as *Bos frontalis*, and is not subject to the provisions of the Convention.

### 3 *Bos mutus*

Excludes the domesticated form, which is referenced as *Bos grunniens*, and is not subject to the provisions of the Convention.

### 4 *Bubalus arnee*

Excludes the domesticated form, which is referenced as *Bubalus bubalis* and is not subject to the provisions of the Convention.

### 5 *Ovis canadensis*

Only the population of Mexico; no other population is included in the Appendices.

### 6 *Vicugna vicugna*

Included in Appendix I, except for the following populations, which are included in Appendix II.

**Argentina:** the populations of the Provinces of Jujuy and Catamarca and the semi-captive populations of the Provinces of Jujuy, Salta, Catamarca, La Rioja and San Juan. For the exclusive purpose of allowing international trade in wool sheared from live vicuñas, in cloth, and in derived manufactured products and other handicraft artefacts. The reverse side of the cloth must bear the logotype adopted by the range States of the species, which are signatories to the Convenio para la Conservación y Manejo de la Vicuña, and the selvages the words 'VICUÑA-ARGENTINA'. Other products must bear a label including the logotype and the designation 'VICUÑA-ARGENTINA-ARTESANÍA'. All other specimens shall be deemed to be specimens of species included in Appendix I and the trade in them shall be regulated accordingly.

**Chile:** population of the Primera Región. For the exclusive purpose of allowing international trade in wool sheared from live vicuñas, and in cloth and items made thereof, including luxury handicrafts and knitted articles. The reverse side of the cloth must bear the logotype adopted by the range States of the species, which are signatories to the Convenio para la Conservación y Manejo de la Vicuña, and the selvages the words 'VICUÑA-CHILE'. Other products must bear a label including the logotype and the designation 'VICUÑA-CHILE-ARTESANÍA'. All other specimens shall be deemed to be specimens of species included in Appendix I and the trade in them shall be regulated accordingly.

**Peru:** the whole population. For the exclusive purpose of allowing international trade in wool sheared from live vicuñas and in the stock extant at the time of the ninth meeting of the Conference of the Parties (November 1994) of 3249 kg of wool, and in cloth and items made thereof, including luxury handicrafts and knitted articles. The reverse side of the cloth must bear the logotype adopted by the range States of the species, which are signatories to the Convenio para la Conservación y Manejo de la Vicuña, and the selvages the words 'VICUÑA-PERÚ'. Other products must bear a label including the logotype and the designation 'VICUÑA-PERÚ-ARTESANÍA'. All other specimens shall be deemed to be specimens of species included in Appendix I and the trade in them shall be regulated accordingly.

**Plurinational State of Bolivia:** the whole population. For the exclusive purpose of allowing international trade in wool sheared from live vicuñas, and in cloth and items made thereof, including luxury handicrafts and knitted articles. The reverse side of the cloth must bear the logotype adopted by the range States of the species, which are signatories to the Convenio para la Conservación y Manejo de la Vicuña, and the selvages the words

'VICUÑA-BOLIVIA'. Other products must bear a label including the logotype and the designation 'VICUÑA-BOLIVIA-ARTESANÍA'. All other specimens shall be deemed to be specimens of species included in Appendix I and the trade in them shall be regulated accordingly.

**Ecuador:** the whole population. For the exclusive purpose of allowing international trade in wool sheared from live vicuñas and in cloth and items made thereof, including luxury handicrafts and knitted articles. The reverse side of the cloth must bear the logotype adopted by the range States of the species, which are signatories to the Convenio para la Conservación y Manejo de la Vicuña, and the elvages the words 'VICUÑA ECUADOR'. Other products must bear a label including the logotype and the designation 'VICUÑA ECUADOR-ARTESANÍA'. All other specimens shall be deemed to be specimens of species included in Appendix I and the trade in them shall be regulated accordingly.

**7 *Moschus* spp.**

The populations of Afghanistan, Bhutan, India, Myanmar, Nepal and Pakistan are included in Appendix I. All other populations are included in Appendix II.

**7 *Moschus* spp.**

Except the populations of Afghanistan, Bhutan, India, Myanmar, Nepal and Pakistan, which are included in Appendix I.

**8 *TAYASSUIDAE* spp.**

Except the species included in Appendix I (*Catagonus wagneri*) and the populations of *Pecari tajacu* of Mexico and the United States of America, which are not included in the Appendices.

**9 *Canis lupus***

Except the populations of Bhutan, India, Nepal and Pakistan, which are included in Appendix I. Excludes the domesticated form and the dingo which are referenced as *Canis lupus familiaris* and *Canis lupus dingo*.

**10 *FELIDAE* spp.**

Included in Appendix II, except for the species included in Appendix I. Specimens of the domesticated form are not subject to the provisions of the Convention.

**11 *Acinonyx jubatus***

Included in Appendix I. Annual export quotas for live specimens and hunting trophies are granted as follows: Botswana: 5; Namibia: 150; Zimbabwe: 50. The trade in such specimens is subject to the provisions of Article III of the Convention.

**12 *Caracal caracal***

Except the Asian population, which is included in Appendix I.

**13 *Prionailurus bengalensis bengalensis***

Except the populations of Bangladesh, India and Thailand, which are included in Appendix I.

**14 *Prionailurus rubiginosus***

Except the population of India, which is included in Appendix I.

**14 *Prionailurus rubiginosus***

Only the population of India; all other populations are included in Appendix II.

**15 *Puma yagouaroundi***

Except the populations of Central and North America, which are included in Appendix I.

**16 *Aonyx capensis microdon***

Only the populations of Cameroon and Nigeria; all other populations are included in Appendix II.

**17 *Ursus arctos***

Only the populations of Bhutan, China, Mexico and Mongolia; all other populations are included in Appendix II.

**17 *Ursus arctos***

Except the populations of Bhutan, China, Mexico and Mongolia, which are included in Appendix I.

**18 *CETACEA* spp.**

Included in Appendix II, except for the species included in Appendix I. A zero annual export quota has been established for live specimens from the Black Sea population of *Tursiops truncatus* removed from the wild and

traded for primarily commercial purposes.

19 ***Balaenoptera acutorostrata***

Population of West Greenland.

20 ***Pteropus spp.***

Except *Pteropus brunneus* and the species included in Appendix I.

21 ***Chaetophractus nationi***

Included in Appendix II. A zero annual export quota has been established. All specimens shall be deemed to be specimens of species included in Appendix I and the trade in them shall be regulated accordingly.

22 ***Equus africanus***

Excludes the domesticated form, which is referenced as *Equus asinus* and is not subject to the provisions of the Convention.

23 ***Ceratotherium simum simum***

Only the populations of South Africa and Swaziland; all other populations are included in Appendix I. For the exclusive purpose of allowing international trade in live animals to appropriate and acceptable destinations and hunting trophies. All other specimens shall be deemed to be specimens of species included in Appendix I and the trade in them shall be regulated accordingly

24 ***Manis spp.***

Included in Appendix II. A zero annual export quota has been established for *Manis crassicaudata*, *M. culionensis*, *M. javanica* and *M. pentadactyla* for specimens removed from the wild and traded for primarily commercial purposes.

25 ***Loxodonta africana***

The populations of Botswana, Namibia, South Africa and Zimbabwe are listed in Appendix II for the exclusive purpose of allowing:

- a) trade in hunting trophies for non-commercial purposes;
- b) trade in live animals to appropriate and acceptable destinations, as defined in Resolution Conf. 11.20, for Botswana and Zimbabwe and for in situ conservation programmes for Namibia and South Africa;
- c) trade in hides;
- d) trade in hair;
- e) trade in leather goods for commercial or non-commercial purposes for Botswana, Namibia and South Africa and for non-commercial purposes for Zimbabwe;
- f) trade in individually marked and certified ekipas incorporated in finished jewellery for non-commercial purposes for Namibia and ivory carvings for non-commercial purposes for Zimbabwe;
- g) trade in registered raw ivory (for Botswana, Namibia, South Africa and Zimbabwe, whole tusks and pieces) subject to the following:
  - i) only registered government-owned stocks, originating in the State (excluding seized ivory and ivory of unknown origin);
  - ii) only to trading partners that have been verified by the Secretariat, in consultation with the Standing Committee, to have sufficient national legislation and domestic trade controls to ensure that the imported ivory will not be re-exported and will be managed in accordance with all requirements of Resolution Conf. 10.10 (Rev. CoP14) concerning domestic manufacturing and trade;
  - iii) not before the Secretariat has verified the prospective importing countries and the registered government-owned stocks;
  - iv) raw ivory pursuant to the conditional sale of registered government-owned ivory stocks agreed at CoP12, which are 20,000 kg (Botswana), 10,000 kg (Namibia) and 30,000 kg (South Africa);
  - v) in addition to the quantities agreed at CoP12, government-owned ivory from Botswana, Namibia, South Africa and Zimbabwe registered by 31 January 2007 and verified by the Secretariat may be traded and despatched, with the ivory in paragraph g) iv) above, in a single sale per destination under strict supervision of the Secretariat;
  - vi) the proceeds of the trade are used exclusively for elephant conservation and community conservation and development programmes within or adjacent to the elephant range; and
  - vii) the additional quantities specified in paragraph g) v) above shall be traded only after the Standing Committee has agreed that the above conditions have been met; and
- h) no further proposals to allow trade in elephant ivory from populations already in Appendix II shall be submitted to the Conference of the Parties for the period from CoP14 and ending nine years from the date of the single sale of ivory that is to take place in accordance with provisions in paragraphs g) i), g) ii), g) iii), g) vi) and g) vii). In addition such further proposals shall be dealt with in accordance with Decisions 14.77 and 14.78 (Rev. CoP15).

On a proposal from the Secretariat, the Standing Committee can decide to cause this trade to cease partially or completely in the event of non-compliance by exporting or importing countries, or in the case of proven detrimental impacts of the trade on other elephant populations.

All other specimens shall be deemed to be specimens of species included in Appendix I and the trade in them shall be regulated accordingly.

**26 *Chinchilla* spp.**

Specimens of the domesticated form are not subject to the provisions of the Convention

**27 *FALCONIFORMES* spp.**

Except *Caracara lutosa* and the species of the family Cathartidae, which are not included in the Appendices; and the species included in Appendices I and III.

**28 *Falco newtoni***

Only the population of Seychelles.

**29 *PSITTACIFORMES* spp.**

Included in Appendix II, except for the species included in Appendix I and *Agapornis roseicollis*, *Melopsittacus undulatus*, *Nymphicus hollandicus* and *Psittacula krameri*, which are not included in the Appendices.

**30 *STRIGIFORMES* spp.**

Except *Sceloglaux albifacies* and the species included in Appendix I.

**31 *Struthio camelus***

Only the populations of Algeria, Burkina Faso, Cameroon, the Central African Republic, Chad, Mali, Mauritania, Morocco, the Niger, Nigeria, Senegal and the Sudan are included in Appendix I. No other population is included in the Appendices.

**32 *Caiman latirostris***

Except the population of Argentina, which is included in Appendix II.

**33 *Crocodylus acutus***

Except the population of Cuba, which is included in Appendix II.

**33 *Crocodylus acutus***

Population of Cuba

**34 *Crocodylus moreletii***

Included in Appendix I, except for the populations of Belize and Mexico, which are included in Appendix II and are subject to a zero quota for wild specimens traded for commercial purposes.

**34 *Crocodylus moreletii***

Only the populations of Belize and Mexico, with a zero quota for wild specimens traded for commercial purposes.

**35 *Crocodylus niloticus***

Populations of Botswana, Egypt (subject to a zero quota for wild specimens traded for commercial purposes), Ethiopia, Kenya, Madagascar, Malawi, Mozambique, Namibia, South Africa, Uganda, the United Republic of Tanzania (subject to an annual export quota of no more than 1,600 wild specimens including hunting trophies, in addition to ranched specimens), Zambia and Zimbabwe.

**35 *Crocodylus niloticus***

Included in Appendix I, except the populations of Botswana, Egypt (subject to a zero quota for wild specimens traded for commercial purposes), Ethiopia, Kenya, Madagascar, Malawi, Mozambique, Namibia, South Africa, Uganda, the United Republic of Tanzania (subject to an annual export quota of no more than 1,600 wild specimens including hunting trophies, in addition to ranched specimens), Zambia and Zimbabwe, which are included in Appendix II

**36 *Crocodylus porosus***

Except the populations of Australia, Indonesia and Papua New Guinea, which are included in Appendix II.

**36 *Crocodylus porosus***

Only the populations of Australia, Indonesia and Papua New Guinea; all other populations are included in Appendix I.

**37 *Vipera ursinii***

Only the population of Europe, except the area which formerly constituted the Union of Soviet Socialist Republics; these latter populations are not included in the Appendices.

**38 *Chelodina mccordi***

Zero export quota for specimens from the wild.

**39 *Batagur borneoensis***

Zero quota for wild specimens for commercial purposes.

**40 *Batagur trivittata***

Zero quota for wild specimens for commercial purposes.

**41 *Cuora* spp.**

Zero quota for wild specimens for commercial purposes for *Cuora auropunctata*, *C. flavomarginata*, *C. galbinifrons*, *C. mccordi*, *C. mouhotii*, *C. pani*, *C. trifasciata*, *C. yunnanensis* and *C. zhoui*.

**42 *Heosemys annandalii***

Zero quota for wild specimens for commercial purposes.

**43 *Heosemys depressa***

Zero quota for wild specimens for commercial purposes.

**44 *Mauremys annamensis***

Zero quota for wild specimens for commercial purposes.

**45 *Orlitia borneensis***

Zero quota for wild specimens for commercial purposes.

**46 TESTUDINIDAE spp.**

Included in Appendix II, except for the species included in Appendix I. A zero annual export quota has been established for *Geochelone sulcata* for specimens removed from the wild and traded for primarily commercial purposes.

**47 *Rheobatrachus* spp.**

Except *Rheobatrachus silus* and *Rheobatrachus vitellinus*.

**48 *Panax ginseng***

Only the population of the Russian Federation; no other population is included in the Appendices.

**49 CACTACEAE spp.**

Included in Appendix II, except for the species included in Appendix I, and for *Pereskia* spp., *Pereskipsis* spp. and *Quiabentia* spp., which are not included in the Appendices. Additionally, artificially propagated specimens of the following hybrids and/or cultivars are not subject to the provisions of the Convention: – *Hatiora* x *graeseri* – *Schlumbergera* x *buckleyi* – *Schlumbergera russelliana* x *Schlumbergera truncata* – *Schlumbergera orssichiana* x *Schlumbergera truncata* – *Schlumbergera opuntioides* x *Schlumbergera truncata* – *Schlumbergera truncata* (cultivars) – *Cactaceae* spp. colour mutants grafted on the following grafting stocks: *Harrisia* 'Jusbertii', *Hylocereus* *trigonosporus* *Hylocereus undatus* – *Opuntia microdasys* (cultivars).

**50 *Dicksonia* spp.**

The populations of the Americas are included in Appendix II. No other population is included in the Appendices.

**51 *Diospyros* spp.**

Population of Madagascar.

**52 *Euphorbia* spp.**

Succulent species are included in Appendix II, except for *Euphorbia misera* and the species included in Appendix I. Other species are not included in the Appendices.

Additionally, artificially propagated specimens of cultivars of *Euphorbia trigona*, artificially propagated specimens of crested, fan-shaped or colour mutants of *Euphorbia lactea*, when grafted on artificially propagated root stock of *Euphorbia neriifolia*, and artificially propagated specimens of cultivars of *Euphorbia* 'Mili' when they are traded in shipments of 100 or more plants and readily recognizable as artificially propagated specimens, are not subject to the provisions of the Convention.

**53 *Euphorbia cremersii***

Included in Appendix I. Includes the forma *viridifolia* and the variety *rakotozafy*.

**54 *Euphorbia cylindrifolia***

Included in Appendix I. Includes the subspecies *tuberifera*.

**55 *Euphorbia decaryi***

Included in Appendix I. Includes the varieties *ampanihyensis*, *robinsonii* and *spirosticha*.

**56 *Euphorbia moratii***

Included in Appendix I. Includes the varieties *antsingiensis*, *bemarahensis* and *multiflora*.

**57 *Dalbergia* spp.**

Population of Madagascar.

**58 *Aloe* spp.**

Included in Appendix II, except for the species included in Appendix I. Also excludes *Aloe vera*, also referenced as *Aloe barbadensis*, which is not included in the Appendices.

**59 *Aloe compressa***

Included in Appendix I. Includes the varieties *paucituberculata*, *rugosquamosa* and *schistophila*.

**60 *Aloe haworthioides***

Included in Appendix I. Includes the variety *aurantiaca*.

**61 *Aloe laeta***

Included in Appendix I. Includes the variety *maniaensis*.

**62 *Cedrela odorata***

Population of Guatemala.

**63 *Swietenia macrophylla***

Neotropical populations.

**64 ORCHIDACEAE spp.**

Included in Appendix II, except for the species included in Appendix I.

Additionally, artificially propagated hybrids of the following genera are not subject to the provisions of the Convention, if conditions, as indicated under a) and b), are met: *Cymbidium*, *Dendrobium*, *Phalaenopsis* and *Vanda*:

a) Specimens are readily recognizable as artificially propagated and do not show any signs of having been collected in the wild such as mechanical damage or strong dehydration resulting from collection, irregular growth and heterogeneous size and shape within a taxon and shipment, algae or other epiphyllous organisms adhering to leaves, or damage by insects or other pests; and

b) i) when shipped in non-flowering state, the specimens must be traded in shipments consisting of individual containers (such as cartons, boxes, crates or individual shelves of CC-containers) each containing 20 or more plants of the same hybrid; the plants within each container must exhibit a high degree of uniformity and healthiness; and the shipment must be accompanied by documentation, such as an invoice, which clearly states the number of plants of each hybrid; or

ii) when shipped in flowering state, with at least one fully open flower per specimen, no minimum number of specimens per shipment is required but specimens must be professionally processed for commercial retail sale, e.g. labelled with printed labels or packaged with printed packages indicating the name of the hybrid and the country of final processing. This should be clearly visible and allow easy verification.

Plants not clearly qualifying for the exemption must be accompanied by appropriate CITES documents.

**65 *Aerangis ellisi***

Included in Appendix I. Seedling or tissue cultures obtained in vitro, in solid or liquid media, and transported in sterile containers are not subject to the provisions of the Convention only if the specimens meet the definition of 'artificially propagated' agreed by the Conference of the Parties in Resolution Conf. 11.11 (Rev. CoP15), i.e. plant specimens: a) grown under controlled conditions; and b) grown from seeds, cuttings, divisions, callus tissues or other plant tissues, spores or other propagules that either are exempt from the provisions of the Convention or have been derived from cultivated parental stock.

**66 *Dendrobium cruentum***

Included in Appendix I. Seedling or tissue cultures obtained in vitro, in solid or liquid media, and transported in sterile containers are not subject to the provisions of the Convention only if the specimens meet the definition of 'artificially propagated' agreed by the Conference of the Parties in Resolution Conf. 11.11 (Rev. CoP15), i.e. plant specimens: a) grown under controlled conditions; and b) grown from seeds, cuttings, divisions, callus tissues or other plant tissues, spores or other propagules that either are exempt from the provisions of the Convention or have been derived from cultivated parental stock.

**67 *Laelia jongheana***

Included in Appendix I. Seedling or tissue cultures obtained in vitro, in solid or liquid media, and transported in sterile containers are not subject to the provisions of the Convention only if the specimens meet the definition of

'artificially propagated' agreed by the Conference of the Parties in Resolution Conf. 11.11 (Rev. CoP15), i.e. plant specimens: a) grown under controlled conditions; and b) grown from seeds, cuttings, divisions, callus tissues or other plant tissues, spores or other propagules that either are exempt from the provisions of the Convention or have been derived from cultivated parental stock.

**68 *Laelia lobata***

Included in Appendix I. Seedling or tissue cultures obtained in vitro, in solid or liquid media, and transported in sterile containers are not subject to the provisions of the Convention only if the specimens meet the definition of 'artificially propagated' agreed by the Conference of the Parties in Resolution Conf. 11.11 (Rev. CoP15), i.e. plant specimens: a) grown under controlled conditions; and b) grown from seeds, cuttings, divisions, callus tissues or other plant tissues, spores or other propagules that either are exempt from the provisions of the Convention or have been derived from cultivated parental stock.

**69 *Paphiopedilum* spp.**

Included in Appendix I. Seedling or tissue cultures obtained in vitro, in solid or liquid media, and transported in sterile containers are not subject to the provisions of the Convention only if the specimens meet the definition of 'artificially propagated' agreed by the Conference of the Parties in Resolution Conf. 11.11 (Rev. CoP15), i.e. plant specimens: a) grown under controlled conditions; and b) grown from seeds, cuttings, divisions, callus tissues or other plant tissues, spores or other propagules that either are exempt from the provisions of the Convention or have been derived from cultivated parental stock.

**70 *Peristeria elata***

Included in Appendix I. Seedling or tissue cultures obtained in vitro, in solid or liquid media, and transported in sterile containers are not subject to the provisions of the Convention only if the specimens meet the definition of 'artificially propagated' agreed by the Conference of the Parties in Resolution Conf. 11.11 (Rev. CoP15), i.e. plant specimens: a) grown under controlled conditions; and b) grown from seeds, cuttings, divisions, callus tissues or other plant tissues, spores or other propagules that either are exempt from the provisions of the Convention or have been derived from cultivated parental stock.

**71 *Phragmipedium* spp.**

Included in Appendix I. Seedling or tissue cultures obtained in vitro, in solid or liquid media, and transported in sterile containers are not subject to the provisions of the Convention only if the specimens meet the definition of 'artificially propagated' agreed by the Conference of the Parties in Resolution Conf. 11.11 (Rev. CoP15), i.e. plant specimens: a) grown under controlled conditions; and b) grown from seeds, cuttings, divisions, callus tissues or other plant tissues, spores or other propagules that either are exempt from the provisions of the Convention or have been derived from cultivated parental stock.

**72 *Renanthera imschootiana***

Included in Appendix I. Seedling or tissue cultures obtained in vitro, in solid or liquid media, and transported in sterile containers are not subject to the provisions of the Convention only if the specimens meet the definition of 'artificially propagated' agreed by the Conference of the Parties in Resolution Conf. 11.11 (Rev. CoP15), i.e. plant specimens: a) grown under controlled conditions; and b) grown from seeds, cuttings, divisions, callus tissues or other plant tissues, spores or other propagules that either are exempt from the provisions of the Convention or have been derived from cultivated parental stock.

**73 *Cyclamen* spp.**

Included in Appendix II. Artificially propagated specimens of cultivars of *Cyclamen persicum* are not subject to the provisions of the Convention. However, the exemption does not apply to such specimens traded as dormant tubers.

**74 *Osyris lanceolata***

Populations of Burundi, Ethiopia, Kenya, Rwanda, Uganda and the United Republic of Tanzania.

## Annotations preceded by “#”

Annotations are used in the CITES Appendices to indicate which population, parts or derivatives are concerned by the listing or to clarify its scope. The meaning of the # annotations (applicable to flora only) has changed over the years. The # annotations that are currently valid are those adopted at the 16th Conference of the Parties (CoP 16). These are provided below.

CoP16	Valid from 12/06/2013
#1	All parts and derivatives, except: a) seeds, spores and pollen (including pollinia); b) seedling or tissue cultures obtained in vitro, in solid or liquid media, transported in sterile containers; c) cut flowers of artificially propagated plants; and d) fruits, and parts and derivatives thereof, of artificially propagated plants of the genus <i>Vanilla</i>
#2	All parts and derivatives except: a) seeds and pollen; and b) finished products packaged and ready for retail trade
#3	Designates whole and sliced roots and parts of roots, excluding manufactured parts or derivatives, such as powders, pills, extracts, tonics, teas and confectionery
#4	All parts and derivatives, except: a) seeds (including seedpods of Orchidaceae), spores and pollen (including pollinia). The exemption does not apply to seeds from Cactaceae spp. exported from Mexico, and to seeds from <i>Beccariophoenix madagascariensis</i> and <i>Neodypsis decaryi</i> exported from Madagascar; b) seedling or tissue cultures obtained in vitro, in solid or liquid media, transported in sterile containers; c) cut flowers of artificially propagated plants; d) fruits, and parts and derivatives thereof, of naturalized or artificially propagated plants of the genus <i>Vanilla</i> (Orchidaceae) and of the family Cactaceae; e) stems, flowers, and parts and derivatives thereof, of naturalized or artificially propagated plants of the genera <i>Opuntia</i> subgenus <i>Opuntia</i> and <i>Selenicereus</i> (Cactaceae); and f) finished products of <i>Euphorbia antisiphilitica</i> packaged and ready for retail trade
#5	Logs, sawn wood and veneer sheets
#6	Logs, sawn wood, veneer sheets and plywood
#7	Logs, wood-chips, powder and extracts
#8	Underground parts (i.e. roots, rhizomes): whole, parts and powdered
#9	All parts and derivatives except those bearing a label: “Produced from <i>Hoodia</i> spp. material obtained through controlled harvesting and production under the terms of an agreement with the relevant CITES Management Authority of [Botswana under agreement No. BW/xxxxxx] [Namibia under agreement No. NA/xxxxxx] [South Africa under agreement No. ZA/xxxxxx]”
#10	Logs, sawn wood, veneer sheets, including unfinished wood articles used for the fabrication of bows for stringed musical instruments
#11	Logs, sawn wood, veneer sheets, plywood, powder and extracts
#12	Logs, sawn wood, veneer sheets, plywood and extracts. Finished products containing such extracts as ingredients, including fragrances, are not considered to be covered by this annotation
#13	The kernel (also known as ‘endosperm’, ‘pulp’ or ‘copra’) and any derivative thereof
#14	All parts and derivatives except: a) seeds and pollen; b) seedling or tissue cultures obtained in vitro, in solid or liquid media, transported in sterile containers; c) fruits; d) leaves; e) exhausted agarwood powder, including compressed powder in all shapes; and f) finished products packaged and ready for retail trade; this exemption does not apply to beads, prayer beads and carvings
